

Do something positive for your career: become an...

The IMA

The Institute of Mathematics and its Applications (IMA) is the UK's learned and professional society for mathematics and its applications. It promotes mathematics research, education and careers, and the use of mathematics in business, industry and commerce. Amongst its activities the IMA produces academic journals, organises conferences, and engages with government.

Visit the IMA Student webpage to:

- Join e-Student or find out how to join the IMA at the student rate
- Find out more about the IMA
- Find the IMA on Facebook, LinkedIn and MySpace
- Subscribe to the free podcast "Travels in a Mathematical World" in which mathematicians talk about their work and careers
- Learn about the work of the University Liaison Officer and the careers talk tour
- Find out about the IMA support available for your student mathematical society
- Find out about the activities of and support available from the Early Career Mathematicians Group
- Find Mathematics News and features on the history of mathematics on other pages of the IMA website
